Be Agroforestry
EU Parliament Oct12
Alain Canet
Optimization
In Europe: nearby woods, useful and valuable
An important lack of dialogue

2 000
Bramble, oak cradle
To move quickly and change of scale

2010
Neither the time nor the means to plant all the trees we need

Assisted natural regeneration

2015
Produce, protect, landscaping
Natural areas in the heart of plots

2020
New uses, sectors strengthened
Capital + interest
To change course

« désarbrement » here plundering the tropics
A new trade
Reliable techniques
Relocate the carbon: A major challenge for society

Bee happy
